

Akfix Hand Sanitiser Liquid

Product Description

Akfix Hand Sanitiser Liquid is an alcohol based waterless hand sanitiser to help reduce bacteria on the skin that could cause disease. Contains glycerine moisturiser to soothe, protect, and support your skin tone. It leaves your hands soft and smooth. Akfix Hand Sanitiser Liquid is gentle enough to be part of an every-day hand cleaning regimen.

Product Features & Benefits

- Health experts including World Health Organisation and Centers for Disease Control and prevention all agree that to be effective a hand sanitiser needs at least 60% alcohol content. Akfix Hand Sanitiser Liquid contains a minimum of 70% alcohol.
- The advanced liquid crystalline moisturizing formulation helps to prevent bacteria.
- Helps to prevent dryness and maintain skin integrity.
- Fast-drying formulation contains glycerine leaving skin feeling soft and smooth.
- Fresh scent, No washing or rinsing required.
- Effective cost in use.

Recommended area of use

- Akfix Hand Sanitiser Liquid can be used wherever the highest standards of hand hygiene are required and is suitable for use in healthcare environments and all other workplaces where there is a risk of cross contamination.
- In homes, offices, child cares, aged cares, nursing homes, hospitality areas, outdoor areas, public places and more.

Instructions for use

- Use directly.
- The hands must be clean and dry.
- For hygienic hand disinfection: Take at least 3 ml Akfix Hand Sanitiser Liquid in your palm, rub hands (between fingers, inside the nail, all inner and outer side) until get dry for thirty seconds.
- Does not require rinsing after application.

Storage and Shelf Life

Products shall be ideally stored in a cool, dry location in unopened containers at a temperature between 8° and 28 °C unless otherwise labeled. Optimal storage is at the lower half of this temperature range. To prevent contamination of unused product, do not return any material to its original container. The shelf life of the product is two years if it stores under the conditions above. Expiry date clearly indicated on the product. Flammable! Keep away from fire sources. Do not expose to sunlight and heat more than 40 °C.

Safety

Please carefully read the instructions. Avoid contact with eyes, otherwise wash your eyes with plenty of water. When using do not smoke. Keep away from children. Do not ingest. Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

DISCLAIMER

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired. Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product. Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions. The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
